Customer Reviews

This is a really amazing collection. Not only is the book well-written, with first-person accounts from several people who were at the inauguration, but the little extras are fantastic. It's neat to be able to pull out a photo of Mr. Obama, or to take a closer look at a copy of the inauguration invitation. It's these little touches that really make the books worth it.

All the pictures and Memo, Cards, and information that was in the Double Vault of all the President's was an amazing thing. I am 70 years of age and knew nothing about all the information that was in the two Books.

I rate this product a 3 simply because the product was advertised as new, but when I received the

merchandise the outer box was bent and some of the glued inserts were falling apart. It just didn't appear to be new to me.

great depiction of this historic president and Family worth saving for my Grandkids which is why I bought another for me !!!!

This gift for my daughter was received quickly. She really likes the pullouts in the books, which provide interesting material for use in her classroom and with her family. Our experience has been very positive with this seller.

History made and delivered. Great for the Table or book shelf
