Customer Reviews

This is a marvelous, heartwarming book all about those loveable, adorable, teddy bears. Filled with beautiful color photos of a very wide variety of the old teddies (even miniature teddy bears are included) as well as some of your more contemporary teddy bears too. There's a total of 40 stories about bears, the teddy bear owners and related subjects. You'll also read about and see photos of irresistible topics ranging from the mechanical bears, teddy bear books, not so cute looking teddy bears and even lady bears. This book includes over 170 photographs to illustrate the tales and all the other information that is so interesting to read about. It would make a great gift to any teddy bear collector or even the beginning collector! I highly recommend this book, and guarantee you won't want to put it down.
