# Adobe InDesign Creative Cloud Revealed (Stay Current With Adobe Creative Cloud)

## **Synopsis**

Graphic design professionals and design students alike have embraced Adobe InDesign as the industry standard for page layout software--and they're mastering it with ADOBE INDESIGN CREATIVE CLOUD. A thorough, in-depth exploration of the latest release, this highly visual book covers all the fundamental concepts, starting with the workspace and proceeding logically and intuitively to more advanced topics. Chock full of new lessons covering new features, this edition retains its step-by-step tutorials and user-friendly design, resulting in a resource that is comprehensive, clear, and effective.

## **Customer Reviews**

I'm taking a class and this is the textbook being used. The chapters are well organized and the subject matter is explained quite well. I'm a complete beginner with this program and I'm actually getting the hang of it rather quickly.

I've used all the CC Revealed books now. They are great to learn from because the end of chapter tasks are very detailed and super easy to understand. I'm using this for a class I'm in and I've worked almost halfway thru the book on my own just because it's helped that much. I'm a procrastinator so getting me to do work is like prying teeth, but doing work from this book- no problem!

[http://www.cengage.com/cgi-wadsworth/course\\_products\\_wp.pl?fid=M20b1&product\\_isbn\\_issn=9781305262492](http://www.cengage.com/cgi-wadsworth/course_products_wp.pl?fid=M20b1&product_isbn_issn=9781305262492) Use the above link to download the sample files used in the book. It is structured exactly like the Adobe Illustrator CC Revealed book by the same author.

Really, really good step-by-step guide to Adobe InDesign. I knew nothing about the program before this book, and feel like I'm at LEAST intermediate in the program in just a few weeks. Very powerful.

This software was easy setup. I liked this very much and would recommend it.

Great book for the beginner learning inDesign.
