## Customer Reviews

Disappointed . Very thin book (18 pages) and only 8 on the Pz III. What there was was good, but there was not enough. Overall, if you want a book on the Pz III get the Kagero Panzer III J/L/M. Most of this book was on the Stug III. There are better books on the Stug. if that is what you want. This book doesn't do justice to either vehicle. If you are doing a Pz III do a Pz III, If a Stug, than do a Stug.. Mini is the right word for this. The decal sheet is great though, covering the three major scales (1/72 1/48 1/35) and are for vehicles depicted in the book.

For anyone like myself who builds 1/48th armor models, finding decals for my kits is difficult. This publication comes with decals in the three main scales, 1/72nd, 1/48th and 1/35th. The decals, by Cartograph of Italy, are superbly printed, and the book's color artwork is first rate, with each acting as decal placement instructions. The artwork is very well captioned. So overall, a first rate product, highly recommended.

Great book
