## Customer Reviews

I'm often looking for birthday presents for 6-10 year olds and found this is a great hit. It's an age when they are interested in money and it is a springboard for discussion of geography and state facts. All of our young friends will be getting one this year.

My dad has completed one of these quarter maps for each one of his grandchildren. It's fun for them to help him with the collecting and learn about each state at the same time.

Exactly what we wanted. It's very sturdy and holds the quarters tightly.

In my opinion one of the best this to expose your collection :)
