Customer Reviews

This is a simple and easy to read book/manual and perfect for those just starting out on managing your own website. This answered questions I had and definitely helped me understand some functions much better. I really valued the information on plug-ins and appreciated Marsha including the ones she highly recommends. Thank you, Marsha, for such a nice laid out book.

Actually I love French Bread, how could I not like Marsha's e-book ? All kidding aside Marsha does best what is for her clients, that's the bottom line for me. I am a "newbie" on Word press and I will use her offering to be grounded in my Website (under construction). Thank you Marsha for great clarity. I purchased this e-Book and I am extremely pleased with it.....Patrick
