Customer Reviews

I love Indian food, but sometimes I don't want to stand in front of the stove stirring and adding ingredients. So, this slow cooker book will give me a few varieties of meals to choose from. I also like the fact that some of the recipes only take three hours. So if I'm busy working and look up at the clock and it's 3pm, I still have time to put a meal into the cooker in time for a healthy Indian dinner.

I love the deep intense flavors of Indian food and I always want to try new recipes. I also enjoy using

a slow cooker; making your recipes in a slow cooker is easy and gives you more free time. I am very happy I got this book. It has a variety of recipes I had not come across with and can't wait to try, like the Dum Aloo, the Indian vegetable soup, the chicken Korma, South Indian lentil and the beef Vindaloo. I really like that the author included regional recipes and that she gives a detailed description of India and Indian cuisine in the first part of the book as well as what you should stock your pantry with to cook Indian food, the kitchen equipment you need. She also gives advice on how to choose a slow cooker. There are pictures for every recipe.

I'm a big fan of Indian dishes, the spices and the flavours are so distinctive and it's hard not to love a good curry! This book doesn't disappoint and as someone who is looking to make more exciting Indian dishes, I found a variety of easy to prepare slow cooker recipes from simple winter chickpeas to potato based dishes like dum aloo, lentil stews, coconut vegetarian curry, along with a wide variety of meat and vegetable dishes alike.

This is a great way to enjoy Indian food which by the way is delicious by slow cooking. This author does a brilliant job of showing recipes with images which are mouthwatering. Anyone who loves Indian food will like this book or wants to try Indian food. It has a variety of recipes which are not hard to follow and recipes which can be found from most supermarkets.

I love Indian food, so I'm always looking to find a great cookbook. A big bonus is I get to use my slow cooker. "The Great Indian Slow Cooker" has tons of healthy, creative, delicious recipes. I really liked Balti Beef Curry. Thanks!
