Customer Reviews

This book is printed beautifully and is full of drool worthy recipes. There's definitely something in there that will appeal to any ice cream lover, but I wasn't a fan of how things were organized. I also would have liked if there were some no-churn recipes or other alternative methods or substitutions

rather than it being more or less the same thing for each recipe, aside from swapping one fruit for another. I received this product at a discounted rate in exchange for my honest and unbiased review.

This book is amazing! I really do love ice cream and this book shared some homemade ice cream recipe which is low carb and taste yummy. It is a good book for we can make ice cream even without an ice cream maker. The book provides a nice presentation which will attract every reader and has a clear instruction to follow. This book deserves a five star and I highly recommend it!

Wow! This book is amazing! I really do love ice cream and this book shared some homemade ice cream recipe. It is a good book for we can make ice cream even without an ice cream maker. The book provides a nice presentation which will attract every reader and has a clear instruction to follow. This book deserves a five star and I highly recommend it.

I have always wanted to make an ice-cream of my own and eat it while watching movies with friends and loved ones. If you are planning to go on a diet and would not want to stop eating ice-cream then you are reading the right kind of recipe book. The combination of ketogenic diet and ice-cream is such an amazing experiment well thought about.
